

**SHARFF PUBLIC MEETING NOTES**  
**9/17/07**

**I. Options for Redevelopment**

- National Guard
- Market value housing that will bring stability to the neighborhood.  
If not housing, then a stable entity.
- Church
- Library
- A municipal service facility
- Student/adult education center for Mt. Olivet

Options for further communication:

- Advertising in the neighborhood papers - 2 publications – The St. John Tribune and The Review
- Expanding mailings and notifications to reach everyone at least a mile from the site as opposed to only ¼ of a mile.
- Mailings that include extensive information that will inform the public as to everything that is happening.

There should be equality throughout the entire city.

The group isn't against housing, they just feel it needs to be elsewhere and not so concentrated in this area.
