PURPOSE OF THIS ADDENDUM:

The purpose of this Addendum is to answer questions the Portland Development Commission (“PDC”) received regarding the above-referenced Request for Proposals (the “RFP”).

GENERAL INSTRUCTIONS:

- This Addendum constitutes an integral part of the RFP and shall be read in conjunction with the RFP.
- Where inconsistent with the original RFP, or any previous Addendum to the RFP, this Addendum shall govern.
- It is the responsibility of all Proposers to conform to this Addendum.
- Unless specifically changed herein, all other requirements, terms and conditions of the RFP remain unchanged and can only be modified if in writing.

PART I. CLARIFICATION OF THE RFP

Question 1. Is PDC open to the use of ColdFusion as the programming language for this project or have you narrowed the requirements to only .ASP or .NET?

PDC Response: We have narrowed our requirements to .ASP or .NET programming only.

Question 2. Is PDC requiring the site to be hosted in your environment and if so are you Microsoft only or do you also have a LAMP environment? Are you willing to entertain sites hosted by third parties?

PDC Response: PDC requires that the web site be hosted with our current, off-site web host (EasyStreet Online Services) and that it be developed using .ASP, .NET and MS-SQL. We do not have a LAMP environment.

Note: This Addendum does not change the Proposal due date.
