

Event: Gateway "EcoDistrict" Workshop

Date/Time: May 12, 2010, 6:30-8:30 p.m.,

Location: Eastminster Presbyterian Church

12505 NE Halsey Street

The Gateway "EcoDistrict" workshop is the culminating public participation event of our five-month effort. This two-hour public work session is vital for presenting preliminary alternatives for the Gateway EcoDistrict Pilot and receiving input from stakeholders.

Primary activities will include:

- A presentation of stakeholder feedback regarding environmental and development issues relevant to the Gateway community;
- A display of existing environmental and social conditions in the district; and
- Work groups aimed at refining preliminary alternatives for initiating an "EcoDistrict" pilot project in Gateway; which sites or alternatives would be ideal from an environmental and community perspective, and what opportunities and challenges would they present.

The outcome of this event will shape the final recommendation that we, the PSU "District Lab" team, gives to the Portland Sustainability Institute, the organization charged with coordinating this city-wide initiative.

The workshop team of Michael Budds, Erin Reome, Dan Schauer, and Aaron Wilson want to give a hearty thank you to all the stakeholders who have taken time to engage with them so far. We are asking for your time once more.

Please RSVP to ecogateway@gmail.com or email for more information. To talk with one of the team members, call: Michael, 360-393-2641; Erin, 801-661-2678; Dan, 503-484-8540; Aaron, 406-210-9043.
